40TL933

3D, Full HD, 200 AMR, LED Smart TV

The Toshiba TL933/963 series puts 3D into everyone's reach. So if you'd like a great 3D cinema experience in your living room, this is the TV for you. Whether you're watching in 2D or 3D, the picture quality is glorious in 1080p full high definition, and our 200 AMR (Active Motion & Resolution) technology gives a high refresh rate that can easily keep up with the fastest moving sports, games and movies. On top of that it's a Smart TV, so you can easily enjoy entertainment from the internet.

3D FULL HD

Once you dive into the next dimension of 3D, you will never look back. Movies, sports and gaming will never be the same after you enjoy the magic of Toshiba Full HD 3D. Our 2D-to-3D upconversion software is also built in, so you can add 3D effects to movies shot in 2D. (Note: 3D-glasses sold separately).

AMR 200
Active Motion & Resolution

The action stays crisp, fast and smooth thanks to our 200 AMR (Active Motion & Resolution) HD image-processing technology. It cuts motion blur and keeps the refresh rate high, so the TL933/963 series can easily keep up with the fastest moving sports and action sequences.

Toshiba Places

Now you can watch entertainment from the internet on the best screen in the house. With just a few clicks of the remote, you'll be watching videos on YouTube, catching up with Euronews or sharing photos on Flickr. You can view and share a wide range of other online content via various service providers through the Toshiba Places internet portal.

intel WiDi Wireless Display
USB Video RECording

Connect your TV to your home network and enjoy all the music, videos and photos stored on your computer on the big screen via WiDi technology*. On top of that four HDMI ports and two USB ports mean there's plenty of room to connect all your other devices and with the USB Video Recording function* you can record your favourite programmes.

Toshiba AppsConnect

You can now control your TV with your smart device based on iOS (iPod Touch, iPhone or iPad) or Android operating system, allowing you to change the channel or turn the volume up with a swipe of your finger. Just download our free app, Toshiba AppsConnect, from iTunes or Android Market.

Product design and specification subject to change or modification without notice. Specification correct at time of publication. Please check specification with retailer prior to purchase.
